“Thank you for considering us in your recent search for high interest savings accounts.

Our THG Capital Savings products offer you a risk mitigated, high annual return of 9% p.a. on the fixed term and 7.50% on the regular income option. We at Hintons, for the last two decades, have prided ourselves on not only the award-winning products we offer, but equally on our customer service. We are subsequently rated ‘excellent’ by our valued clients.

Please read through our brochure and one of our award-winning staff will contact you shortly to be of assistance”.

THG Capital 9% Fixed Rate Bond

THG Capital is part of The Hinton Group, as a company that started its life in 1999, and then became recognised as the entity it is today. We will be celebrating our 25th Anniversary this year, 2024 and wish to thank our clients all over the world for their custom, kind words and for trusting Hintons with their savings.

TRUST / HERITAGE / INTEGRITY

The ultimate aim is to provide a transparent, secure and well-structured product.

THG Capital 9% Fixed Rate Bond

THG Capital offers access to both private and institutional savers looking for fixed rate returns and have a lower appetite for risk than some other investment products.

With minimum opening balances of £10,000 on the capital growth 1 year option and £30,000 on the quarterly income, THG Capital offers these products that satisfy both shorter term savers and those looking for bank beating rates.

To aid our international expat customers, we allow multiple currencies; Sterling, Euro and US Dollar.

THG Capital is able to offer the returns shown through the process of gold streaming. As the following illustration shows, gold streaming is a known process both logistically and financially, therefore it is not associating itself with the risk commonly linked to the gold market.

The THG Capital Gold Bond How you get the returns...

Gold streaming and how it works and mitigates risk

The Process

This process typically happens over 30 days and throughout the terms of the Bond.

The risk is mitigated by the purchase and sales price being agreed prior to each transaction.

The sale of the end product minus the cost of the purchase, the insurance, the shipping and the refining gives the growth.

The bond manager and the FCA Registered Trustees know their fees and are able to calculate the returns they can pay the Bond Holders.

The only caveat is that we advise all savers to stay in the Bond for the entirety of the term. The Bonds are available to be opened at any time throughout the year, but have June and December maturity dates. Those saving for longer than 12 months will indeed attract a higher return, based on the total time in the Bond. In essence, the Bond returns 0.75% per month (9% p.a.)

The ultimate aim is therefore to provide a transparent, secure and well-structured savings product for savers wishing to seek higher interest rates on their savings than in the banks, without taking the risks associated with the global stock markets.

The Bond

THG Capital has chosen Bullion Bridge as the Bond's Investment Operator (IO). Bullion Bridge have been partners with Hintons since inception and have a 100% track record of not only delivering the promised returns, but an 'excellent' rated customer service. We have been privileged to not only obtain new customers for them, but also have the enviable job of processing their maturities. Again, every client of Hintons has received 100% of the amount due, which has led to us being awarded a 4.7/5-star rating (correct at the time of printing).

The logo for THG Capital Savings, featuring the letters 'THG' in a bold, black, sans-serif font inside a white square, followed by the words 'CAPITAL SAVINGS' in a bold, black, sans-serif font to its right. The background of the logo area is a blurred image of bookshelves filled with books, with a vertical bar of orange and yellow light on the left side.

Maturity

Upon maturity you have 4 options:

- Take the full amount payable.
- Rollover the maturity into the next Bond.
- Take the interest and rollover the capital into next bond.
- Rollover the maturity proceeds and add more money.

How to apply

THG Capital's savings products are available directly through our in-house brokerage: mybestbuysavings.com, networks, brokers and financial advisers.

Please read the Term Sheet for more details.

The THG Capital Gold Bond
enable the client to

benefit from:

- Gross interest payments
- Fixed returns and terms
- No hidden fees or charges
- Globally available/portable product
- No set up or exit fees
- Various currencies
- UK FCA registered Trustees

TRUST / HERITAGE / INTEGRITY

THG Capital is able to offer the returns shown through the process of gold streaming.

The Structure

THG Capital Gold Bond owns the clients and the Assets Under Management Value (AUM)

Bullion Bridge Limited in the UK, Africa and Dubai are the advisers, buyers and sellers used by THG Capital for gold trades

UK FCA Registered Trustees collect and hold the money for THG Capital and release funds for approved trades advised by Bullion Bridge

Terms of business

Application Agreement

mybestbuysavings.com are agents for our product providers. We do not offer advice, but the information required to enable you, the investor to make a clear and precise decision on which product you would like to apply for.

Additionally, you will become a direct client of the product provider, who may offer you other services and products.

We do not handle client monies, as the product provider upon receipt of your completed application, will request the investment premium directly from you (or an authorised intermediary i.e. Independent Financial Adviser etc).

mybestbuysavings.com is the chosen partner to act on behalf of our product providers and to manage inbound enquiries through our approved marketing.

Some products offered through mybestbuysavings could be 'professional investor' status and therefore need to be considered as such by each applicant. If in any doubt of your status, please contact your financial adviser for advice.
